12" kit instructions

Materials

1.Choose the photographs

Choose the photographs for the project.
-You can make more impressive project by using the photographs from the same theme or event with different angles and sizes.

2.Download

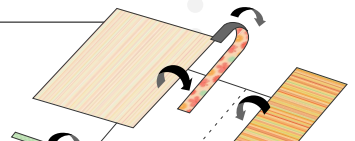
Look for a kit, which is the same theme or color appeared in the photographs, then download it.
-You can have unified tone on the project by selecting the kit of the same theme and the color tone with the photographs.

3.Make background

Assemble the pattern paper into a 12"x 12" background paper by referring the sample project (see left side).

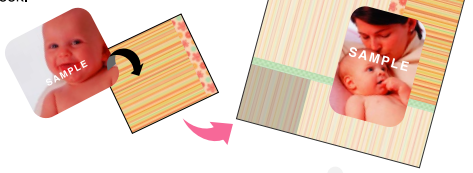
★You can extend the width of the background paper by adding borders and leftover papers.

★You can cover the joint part of the background paper with borders and tags for a neater look.



4.Decoration

Fix the layouts of the photographs on the background paper,then decorate it with borders, tags, and pattern paper etc...-You can highlight the photographs by framing with the pattern paper and borders.



5.Choose font

Choose font, which fits in the project theme well.

6.Write your journals

Write your journals on the tags and/or the spaces on the project.-You can add more personal and memorable feelings to the project by writing your own journals.
